Details

MUZZLE BRAKE SR
Inspired by a real muzzle brake's design, this extended metal tube increases the cable's durability and prevents the cable from hindering the mouse's movements.

MULTI-COLOR PROFILE BACKLIGHT
16.8 million colors to choose from. Use them to distinguish the different modes, change them according to your mood or, well, however you want.

ALUMINUM FRAMING STRUCTURE
Resistant and sturdy design

FIRE BUTTON & 45° SNIPER BUTTON

8200 DPI PRECISION GAMING SENSOR
A mouse is as good as its sensor, and the COUGAR 700M has the best premium gaming mouse sensor currently available on the market.

PALM REST HEIGHT ADJUSTMENT (TOOL-LESS)
You are going to hold the mouse for many hours. Why should you keep your hand in anything but the most comfortable position? The 700M's arched frame can be adapted to your preferred height.

COUGAR UIX™

COUGAR UIX™ SYSTEM

The COUGAR UIX™ SYSTEM is the ultimate gaming device configuration tool. This user-friendly software allows you, through an intuitive interface, to fully configure all compatible COUGAR peripherals with a single application, integrating all of them and unleashing their full power. It will also allow you to synchronize the configuration profiles of mouse and keyboard so that when one changes its profile, the other changes to the corresponding profile without need for further configuration, helping you save time. Another important feature is the ability to record and store macros for both mouse and keyboard in a “Macro Arsenal” that will allow you to use them in any compatible COUGAR keyboard or mouse without recording it again. Convenience and compatibility on a fully featured device management application.
